

UNO

SAUVIGNON BLANC 2022

WINEMAKING

From cool high areas in the foothill of the Andes, clusters of hand-picked Sauvignon Blanc grapes are chilled, sorted and crafted with the great gentleness that Antigal's gravity-technology allows. Every care is taken to protect the fruit's natural acidity and terroir-driven character; consequently Antial UNO Sauvignon Blanc is a unique fine expression of its varietal type.

TASTING NOTES

"UNO Sauvignon Blanc is a bright-tasting wine that offers a fresh nose with herbal notes such as rue, cut grass, mint and tropical fruits like passion fruit, grapefruit and pineapple. Mild aromas of white flowers are perceived. On the palate its fresh, showing balanced sugar/acidity, roundness and excellent volume".
